Dear Jim:

I shall enclose the second increment of five CIA documents (listed in Attachment A), along with Dr. Cowdrey's research notes (which should have been with the first increment sent 27 July 1982) on communist germ warfare charges, 1950-53, for the official medical history volume in the Army's Korean War series.

The usual caveats obtain, requiring CIA review and concurrence before any information based on CIA-originated documents can be downgraded, declassified or published.

So far, none of the documents Dr. Cowdrey requested has been withheld, and many have been declassified. I hope to be able to release the last batch soon.

With all good wishes,

Yours sincerely,

J. Kenneth McDonald
Chief, History Staff
